

## WORK TO DO

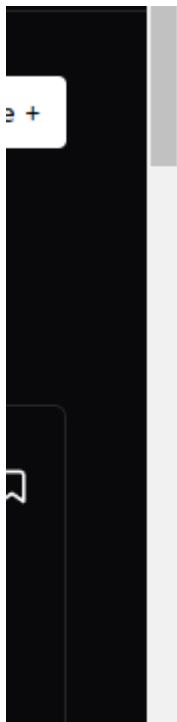

1. Chatgpt logo border change makes circular angle

2. Here add landing page tools section names for ex.. Top AI tools , most saved Ai tools , latest AI tools , Business AI tools etc..

3. Short slider scroller

4. Add search logic :- to search any tool name in search box gives me result for ex:- I search chatgpt in search box gives me chatgpt tool in result . and add hastags searching in searchbox for ex:- I search content creation give me content creation tools in result.
